Joining instructions

RYA CEVNI online test

Thank you for booking the RYA CEVNI test with C-MASTERS. This document provides relevant joining instructions to prepare yourself and to start your test on the RYA Interactive e-Learning platform.

Technical requirements
A PC, Mac or tablet with proper internet access is required to log on to the e-Learning platform and do the online test.

Preparing for the test – recommended reading
The 'RYA European Waterways Regulations' is the RYA's official book (G17) to support the CEVNI test and expands on the quick reference CEVNI Handbook (G106) to give a deeper level of understanding. It is invaluable reading before your test and you can also keep it on board as a useful reference when cruising abroad. Also available as an eBook. The books and eBooks can be purchased via the RYA webshop.

Access to your online test
Your CEVNI test is available on the RYA Interactive e-Learning platform www.ryainteractive.org
Please use the user name and password, as provided by us, to log on to the platform.
Once you're logged on, first verify whether your personal details are correct, in particularly your name as it will be used to issue your certificate.
In addition, please change the default password to your own unique password.
You can select the CEVNI test under 'my courses'. We recommend to properly read the instructions of the test before starting with the first module.

Overview of the test
The test is split into two parts. You have a chance to practice as much as you like before you take the real test.
- Part 1 (Signs and buoyage) has 15 questions and the time limit is 6 minutes.
- Part 2 (Sound signals, lights and shapes) also has 15 questions, but they are more complex so the time limit is 9 minutes.

In each part you must get 11 out of 15 correct to pass. You have two chances to pass each part of the test. If you don't pass first time, it's your choice whether you try again immediately or leave it until later. Consider taking time to revise, practise a bit more or take some tuition.

Instructor support
If you need help studying before your test either contact us for help, or take a look at the recommended reading. You can ask for help by emailing via the 'Contact your instructor' link on the RYA e-Learning platform.

CEVNI certificate
When you passed both parts of the test, you will be able to download the CEVNI certificate from the RYA Interactive platform.
If you didn't pass and have already had two attempts, please discuss the best way forward with us. When you feel ready to try again, we can arrange repeat access to the test for you, subject to an administrative fee.

Any questions ?
We hope you are looking forward to this online test. If you have any questions please do not hesitate to contact us.

We wish you a lot of success with completing the CEVNI test !
